

Beach Pavilion II

The Beach Pavilion II is perfect for those with an older child or perhaps an elderly relative. The main pavilion has a large open plan living area along with the main bedroom, ensuite, laundry and separate toilet. The second pavilion has its own bathroom, sitting room, study and spacious bedroom. The pavilions are linked to the large outdoor entertaining area. With the 'timber and tin' construction, these pavilion homes bring a bit of 'Noosa' style to the South Coast.

love where you live... live where you love
